08/02/2022

Dear Dr. Carlos Robles Medranda

Please find enclosed your award for the 2021 ESGE Innovation of the Year.

We would like to extend our heartfelt thanks to you for submitting your innovation, for contributing to the advancement of endoscopy practice and expanding the data exchange that is critical to improving patient care worldwide.

We hope you enjoyed being part of ESGE Days 2021 and are grateful for your involvement in our event via the Awards Hub, despite it being a purely virtual congress.

We are very excited about ESGE Days 2022 from April 28 – 30, 2022 as the congress will take place in a hybrid format this year. We look forward to endoscopists from all over the world meeting together and we hope that you will be joining us either at the Prague Congress Centre in the beautiful city of Prague, or online via our state-of-the-art digital platform. We congratulate you again on your achievement.

Yours sincerely

Helmut Messman
ESGE President

President
